DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The basic design of this house is similar to several others on Oakley Street. It is a two and one half story frame house with a hip roof that rises to a ridge. On the front is a large gabled dormer with a three part window. Over the center window is an ornamental arch with radials. Imbricated shingles further ornament the gable. The front facade is fairly plain, consisting of three bays with a one story porch across the front and part of the north facade. The porch is supported by Doric columns and has a ballustrade with turned spindles. Part of the porch has been enclosed on the north side. Also located on the north side is a gable over a polygonal bay window.

* SPECIFIC DATES

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

This house, which is similar to others on Oakley Street, was probably built by a local contractor named William Thomas. The houses on Oakley Street, most of which date to the early 20th century, are generally large and fairly plain, but well maintained. They have greater merit as a group than they would individually.
